Dear FDA

0801 '99 JUL 16 P1:39

My name is Camille Brady, and I am 12 years old. I think that I deserve to know about what has happened to the food I eat. I don't think it is right to change the words; people should have the right to know because they are American citizens too. Plus, to take the Radura symbol off the label is really stupid. Who in their right mind would do something like that? Even though I'm only 12, I am still an American citizen who demands the right to speak out against this foolishness. I have my whole life ahead of me, and I will not have it ruined by poisoned & irradiated food. I should hope that you will take this seriously, & I would like a reply!

Sincerely,

Camille Brady
